

# Ted Project

## Ted Project (December)

21st Century Reading Book 4

*Choose one of the Projects from Unit 1-10 to complete the project for this month's project. The Project details are listed at the end of each unit. The questions will help you work through the project. All projects will be carried out as self-project and hence conducted individually. "Explore More" recommends tedtalks that may serve as additional references and resources for your project. The textbook is there to guide you through the project. The diagrams, photos, infographics, questions, and texts are there to help you brainstorm your ideas for the project.*

*You may look up the actual Tedtalks listed under each of the units in the textbook. Transcript of each of the tedtalks from the unit will be provided towards the end of the textbook.*

### Ted Speakers

#### Unit 1: Why Explore?

Physicist

Brian Cox

Why We Need the Explorers

**Project: Researching and Presenting Products (on products or processes that emerged from space exploration and space programs)**
