

TENTH BOOK REVIEW

Secondary English ILBC Maing

Dear Lin Pyae Htet,

Hello Lin Pyae! I haven't talk to you in a while. How have you been? Are you having a great time with your family? I am doing great. Anyways, I was just thinking about what to read and suddenly this particular book popped into my head. That book is so good to read that I had to recommend it to you.

The book name is Holes which was written by Louis Sachar in 1998. Just like the name itself, unluckily teenagers had to dig holes at a desert all day as a punishment. This place was called Camp Green Lake and it was a juvenile detention center in Texas. Stanley, the main character of the book, was wrongly accused as a thief and was sent there. There, his adventure begins.

Did you like this quick summary? I didn't want to spoil you a lot so this summary is just the general idea of the book. I think you would definitely enjoy reading this book as much as I do. I actually read this book when I was in Primary 5 or 6 with my friends and our English teacher. It was so much fun.

If you would like to read it, let me know. I will send you the link where you can read it online as we cannot go out and buy the book due to this pandemic. There is even a movie based on this book! I could send you the link to the movie too.

Anyways, I hope you have an amazing day. I think you will really enjoy this book. Write back to me soon. I am really looking forward to hearing from you. Stay safe!

Sincerely,
May Thet

Dear Lin Moe Thant,

Hi, how are you doing? Is everything okay? I'm writing this letter to recommend you a book that I read this month. It's called After the Woods by Kim Savage.

There are two girls, Liv and Julia playing in the woods in the evening and Julia run faster in the woods and Liv lost her but later when she found her the kidnapper got her. The kidnapper wanted both of them but can only handle kidnapping one of them. Liv left Julia with the kidnapper and run away but somehow, they both escaped the woods but after a year later the same event happened in the woods and a girl died. That's where Liv's guilt for leaving Julia in the woods grew stronger.

This book is really good even though I'm not good at writing about it. I hope you read this book and hope you have a very good day.

From,

Dear partner,

You should read this book. I mean, you probably already have but you should read it again because it's actually pretty good. "Holes", you read about it in P5. One might even say it's one of the best storylines in literature. The best part about it is that there is an actual resolution at the end, unlike most of the classics. And you gotta love the plot twists in the book.

Although the book is nearly perfect, I'd say there was one minor detail that sets apart Holes from being one of the best books, and that is the traits each character has. I honestly think that the characters, apart from The Warden, Stanley, Mr Sir, Pendansky and Hector, have little to no unique traits between each of them. They're just there as side characters and do not play that much of a big role in the main plot.

But other than that, Holes has no other imperfections. I'm not saying that Holes is the best book, what I'm saying is that it's a good book, and you should read it. That's all.

Dear Peer,

For this assignment, I will be reviewing a book to you called "To Kill A Mockingbird".

It takes place in the fictional town of Maycomb, Alabama. Jean Louise ("Scout") is an intelligent girl who ages from six to nine years old during the course of the novel. She is raised with her brother Jem, by their widowed father. He is a prominent lawyer who encourages his children to be empathetic and just. He notably tells them that it is "a sin to kill a mockingbird," alluding to the fact that the birds are innocent and harmless.

It's a good book and I am also still reading the book. I hope you also like the book as I do. and I will be looking forward for your feedback after you read it.

Sincerely,
Thada

Dear Peer,

Hello there. How's your day? I hope it's good. I am here to make a review on a book/movie called "Holes". Its written by Louis Sachar. This book explores about the actions of the past that have affected to the present. This book also includes about racism and things such as arranged marriage. The book is about an unlucky boy called Stanley Yelnats. He has bad luck due to a curse placed on his great-great grandfather. He was falsely accused for stealing. He was then sent to Camp Green Lake, a detention center in a desert where the lake is already dried up and there are only plenty of yellow- spotted poisonous lizards. People there are supposed to dig a hole each day, which is five ft wide and deep. Stanley didn't know why they had to dig at first, but later realized that Warden was searching for something. At the end of the book the curse was lifted and Stanley's dad could finally succeed in inventing a cure. While he was at the camp, he improved his physical strength and his self-confidence and made lots of true friends. Overall, it was really a good book.

Dear friend,

I would like to recommend a book names Holes. Overall, this book is really wonderful book for teenagers like us. Stanley Yelnats is a teenage boy from a poor family, whose future fortune depends on his inventor father discovering the secret to curing bad foot odor. Stanley's great-great-grandfather did not honor a promise he made to an old woman with magical powers, and misfortune has followed him and his descendants ever since. Stanley was sent to Camp Green Lake for being accused of stealing baseball star Clyde "Sweet Feet" Livingston's shoes. Stanley was assigned to Tent D by Mr. Pendanski the camp supervisor. He befriends his tent mates and slowly learns the ropes of surviving in the harsh conditions of the camp. He becomes particularly good friends with a small but tough boy named Zero. Stanley and the other boys are forced to dig a hole every day, five feet deep and five feet wide. The boys are told that the digging will teach them to work hard. In Camp Green Lake, Stanley begins to teach Zero how to read. Zero eventually runs away from the camp, and a couple of days later Stanley steals the water truck to followed him. Stanley finds Zero under an overturned and abandoned boat eating the decades-old leftovers of the peaches that woman named Katherine Barlow loved to make. Zero is the descendant of Madame Zeroni. They have the chance to put things right and break the curse that Madame Zeroni make. It was by forgetting this promise that he brought the curse down on him and his descendants. Stanley and Zero find themselves at the mountain that Stanley spotted from afar. Zero becomes too weak to continue, so Stanley carries him up. After coming down, the two friends go back to Camp Green Lake and find the treasure. They were nearly caught and kill by the supervisors. Stanley and Zero split the treasure, and Zero uses his half to find his mother. Stanley's father is finally able to find, patent, and sell a cure for foot odor.

Dear tr maing

Today I am going to talk about the book. The name of the book was to kill a mockingbird. *To Kill a Mockingbird* takes place in the fictional town of Maycomb, Alabama, during the Great Depression. The protagonist is Jean Louise (“Scout”) Finch, an intelligent though unconventional girl who ages from six to nine years old during the course of the novel. She is raised with her brother, Jeremy Atticus (“Jem”), by their widowed father, Atticus Finch. He is a prominent lawyer who encourages his children to be empathetic and just. He notably tells them that it is “a sin to kill a mockingbird,” alluding to the fact that the birds are innocent and harmless.

When Tom Robinson, one of the town’s Black residents, is falsely accused of raping Mayella Ewell, a white woman, Atticus agrees to defend him despite threats from the community. At one point he faces a mob intent on lynching his client but refuses to abandon him. Scout unwittingly diffuses the situation. Although Atticus presents a defense that gives a more plausible interpretation of the evidence—that Mayella was attacked by her father, Bob Ewell—Tom is convicted, and he is later killed while trying to escape custody. A character compares his death to “the senseless slaughter of songbirds.”

The children, meanwhile, play out their own miniaturized drama of prejudice and superstition as they become interested in Arthur (“Boo”) Radley, a reclusive neighbor who is a local legend. They have their own ideas about him and cannot resist the allure of trespassing on the Radley property. Their speculations thrive on the dehumanization perpetuated by their elders. Atticus, however, reprimands them and tries to encourage a more sensitive attitude. Boo makes his presence felt indirectly through a series of benevolent acts, finally intervening when Bob Ewell attacks Jem and Scout. Boo kills Ewell, but Heck Tate, the sheriff, believes it is better to say that Ewell’s death occurred when he fell on his own knife, sparing the shy Boo from unwanted attention. Scout agrees, noting that to do otherwise would be “sort of like shooting’ a mockingbird.

To Kill a Mockingbird is both a young girl’s coming-of-age story and a darker drama about the roots and consequences of racism and prejudice, probing how good and evil can coexist within a single community or individual. Scout’s moral education is twofold: to resist abusing others with unfounded negativity but also to persevere when these values are inevitably, and sometimes violently, subverted. Lee reportedly based the character of Atticus Finch on her father, Amasa Coleman Lee, a compassionate and dedicated lawyer. The plot of *To Kill a Mockingbird* was inspired in part by his unsuccessful youthful defense of two African American men convicted of murder. Criticism of the novel’s tendency to sermonize has been matched by praise of its insight and stylistic effectiveness.

One character from the novel, Charles Baker (“Dill”) Harris, is based on [Truman Capote](#), Lee’s childhood friend and next-door neighbors in Monroeville, [Alabama](#). After the phenomenal success that followed the publication of *To Kill a Mockingbird*, some suspected that Capote was the actual author of Lee’s work, a rumor put to rest when, in 2006, a 1959 letter from Capote to his aunt was found, stating that he had read and liked the draft of *To Kill a Mockingbird* that Lee had shown him but making no mention of any role in writing it.

The novel inspired numerous adaptations, the most notable of which was the classic [1962 film](#) starring [Gregory Peck](#) as Atticus. His [Academy Award](#)-winning performance became an enduring part of cinema history. Other adaptations included a Broadway play that was adapted by [Aaron Sorkin](#) and debuted in 2018.

Dear John,

How are you doing? Since it has been holidays for us as the school close after the exam what are you doing. I have been reading a book. Is everything fine? I highly recommend this book to you to read in spare time

This book I have been reading is called holes. It is about a Stanley Yelnats, a boy who has bad luck due to a curse placed on his great- great-grandfather, is sent to Camp Green Lake, a juvenile detention camp, for a crime he did not commit. Stanley and the other boys at the camp are forced to dig large holes in the dirt every day. He became best friend with Zero who has also been on a curse. At last both of them finds the treasure and break the curse that is upon on them.

I strongly recommend this story book to you because I am sure you can learn a lot from the book. Stanley is a strong boy an optimistic and open-minded boy would never give up when he comes across difficulties. We should learn his attitude of life and also this book has also been filmed recently. I hope you can borrow the book and enjoy reading.

As I need to do my homework as the school has already open I am going to put my pen down here. Please send my warmest regards to your family.

Yours Sincerely,

Dear Sai Aung Tayza,

Hey! How are you doing? I am not sure if you have heard about this book or not but I think you will enjoy reading it as much as I do. It's a book called The Kane Chronicles by one of my favorite authors.

This book is based on an Egyptian mythology. The main characters are Carter Kane, Sadie Kane, Julius Kane, Amos Kane, Zia Rashid and Walt Stone. This book is really interesting and enjoyable. Each character has its own different and interesting personalities. Carter Kane, one of the main characters for example is a formal person who is very caring. Sadie Kane is sarcastic, rebellious, mischievous and headstrong which is quite the opposite of her older brother Carter. This fantasy adventure trilogy by American author Rick Riordan follows the story of Carter and Sadie Kane, and their discovery that they are the most powerful Egyptian magicians to be born in hundreds of years. I hope you will have interest in this book when you finally read it.

If you finish reading this book, I would like to hear your thoughts and opinions on it. I guess that is all I want to say. Bye!

Sincerely,

Kaung Htet Thu

For Extreme Sports – Crazy Boys Only

That was actually the title of the book, but here's a book I'd like to share to you, Su Sandi Aung. Written by John Coy, fun fact: I actually met the author of this book, he visited my school, gave us a little read aloud, told us what type of books he wrote, and sold his books to students. Lucky for me, I was one of the ones that got their book's signed. This book talks all about extreme things, from skating and surfing to skydiving! If your one of the people in the world that like to test themselves out and try to defy odds of what a person can do, this book is definitely for you! It's all about thinking above and beyond, trying to overcome the feeling of "danger" and just do what you want to do. Remember, you only live once, so live a life that you'll remember. By the way, no matter what you're doing, just remember these two words, "Have Fun."

EXPOLSION! EXTREME! ACTION! ADVENTURE! I tell you; you are not ready for what this book will bring to you. From providing examples of people defying odds to quotes encouraging you to try them out. In every chapter, there are always these quotes on the bottom of the page, I find these quotes very interesting, here's one for example: "It's that adrenaline rush that comes with extreme sports. For me it's all about the passion of the sport and the goodwill that sport creates." - Robby Naish. So, this quote basically tells you to have fun when playing sports and "The best surfer out there is the one having the most fun." - Duke Kahanamoku. This quote refers to the one before where these extreme sports are just for you to have fun! So, go live enjoy life, don't take regrets and remember, "You only live once."

Dear Oke Soe,

I've recently read a book by the name "Holes", so I'm writing to tell you a little about the story.

The story starts when Stanley Yelnats, a clumsy and awkward 14-year-old, is accused of stealing an important pair of shoes. He gets sentenced to eighteen months in Camp Green Lake. Though it may have seemed like a piece of cake, he ends up in place where there was neither a lake nor any green. At the camp, the kids would spend all day digging holes that were five feet wide and five feet deep to "build character". We later learn the actual reason for the strange punishment and why Stanley was so unlucky.

Overall, it was a fun read and I hope you find it the same way I do.

Dear May Thet Htar Oo,

Hey there! How are you? I hope you're doing well. The reason I am writing this letter to you is to recommend you a book that I have read this week, which I found it very interesting.

The book name is "Animal Farm" which is a novel by George Orwell. The book is about a group of farm animals fighting against their master Jones and gaining freedom and equality. Manor farm is thus becoming Animal farm but in the end Napoleon (The pig who emerges as the leader of Animal Farm after the Rebellion)'s dictatorial ruling farm gets worse than ever. The 7 commandments given at the beginning are distorted over time. It's written in a way that all characters are animals, but it's all about human beings. In the end, the narrator points to each of us by saying that humans and pigs are indistinguishable.

The book is very well written, and it presents an easier way to digest and understand communism without the need of learning and possessing the knowledge of Communist History to understand the downfall and misconceptions of communism.

I highly recommend this book and you can read it in your free time. I found this book very interesting to read and I hope you will too. I am going to end the letter here.

Sincerely,

Lin Pyae Htet

Dear Khoon Sint Thar

Hi, I'm My Yadanar, the book I'm going to review is called holes. I would say this book is amazing. Stanley Yelnats has been sent to Camp Green Lake, a juvenile detention center for boys. But the boys at Camp Green Lake have to do an unusual thing. Every day they have to dig a hole, five feet deep and five feet wide. Camp Green Lake calls the place they dig a lake, but really, it's all dried up. Every day it seems to get tougher. Stanley gets used to it, and although the days are swelteringly hot, and their water bottles are normally empty, the holes start to get easier. He's made friends. Stanley's known as Caveman. Then there's Armpit, X-Ray, Magnet, Squid, Zigzag and finally Zero. Odd, mysterious, Zero. Stanley's desperate to figure him out. And soon enough, he gets the chance. Stanley gets Zero are stuck together. On the verge of death. I would give this book 8/10 and I strongly recommend it for anyone who's looking for something a little different. It's full of adventure and questions and desperate to find out what happens.

Sincerely,
May Yadanar Win

Dear Indira,

I hope this letter will find you in the best of your health and spirit. How are you and your family? Is everything ok at there? I am well here. Even though I don't know you, I would like to recommend one of my favorite book called "To Kill a Mockingbird." There are so many books but among them I like "To Kill a Mockingbird" and I hope you will like it too...

Well Guess! To Kill a Mockingbird was written by Harper Lee and it seems like a very simple, well-written morality take at first glance. But if you take a closer look, you'll find a much more complex story. The novel explores the themes of prejudice, justice, and innocence. The main character are Scout (Jean Louise Finch), Jem (Jeremy Finch), Dill (Charles Baker Harris), Atticus Finch, Boo Radley Tom Robinson, and other more.

The story told by the six-year-old Jean Louise Finch, takes place during three years of the Great Depression in the fictional "tired old town" of Maycomb, Alabama, the seat of Maycomb Country. Jean Louise Finch, nicknamed Scout, lives with her older brother Jeremy, nickname Jem and their widowed father Atticus, a middle-aged lawyer. Jem and Scout befriend a boy named Dill, who always visits Maycomb to stay with his aunt each summer. The three children are terrified, yet fascinated by their neighbor, the reclusive Arthur "Boo" Radley. The children feed one another's imagination with rumors about his appearance and reasons for remaining hidden, and they fantasize about how to get him out of his house.

On the way home from the Halloween pageant, Scout and Jem were get attacked by Boo Radley, but Boo Radley killed Bob and saved the kids. To Kill a Mockingbird, the novel ends after Bob Ewell attacks Scout and Jem and Boo Radley rescues them, killing Bob in the process. Atticus and Sheriff Heck have a conversation about how to deal with the situation and Scout walks Boo home. Scout walks Boo home, but never saw him again due to his shyness and childlike behavior...

This is all about "To Kill a Mockingbird". I hope you will extremely love the book I recommend. As there is still Covid-19 pandemic, you should take care. Taking care of yourself help not only you but also all your family members too... Take Care!

Yours Sincerely,

Rose

Dear George,

Hey. Long time no seen? Remember “holes”, the book we read when we were like P5 or P6, the teachers let us read it and the plot was interesting, especially the movie. Although the book and the movie are very different; like how the main character was supposed to be an overweight guy, in the movie he was a fit boy who had bad luck. I know you have seen this but let’s recall our memories.

Stanley was the main character, a poor guy who his family have a curse of bad luck. One morning when he was going for a stroll, some shoes came flying onto him. It was a shoe of a famous baseball player! He was held in court for stealing them and he went to a juvenile center called Camp Green Lake which was in the middle of the dessert. There he met 2 of his friends: Zero and X-ray. Since it was a juvenile, they had to do some work/punishment, every day they get up early and start digging holes in the ground (to find treasure of course). Katherine Barlow was the one who runs the place while the warden controls the boys.

Katherine was a sassy girl whose catch phrase was “excuse me”. When she was young, she used to dig up holes because her grandfather believes this myth. That is how the juvenile started, pretty sweet of her right? Wrong, she’s the evil one in the movie. She was the one who came when Stanley found the treasure but there was a problem. There were lizards there. They were very poisonous and spiky. The catch was that the treasure chest had a name on it. “Stanley Yelnats”! It was Stanley’s but Katherine of course, wants it because she has been searching for that her whole entire childhood. At the end Stanley got his chest and became rich with Zero because he spilt the money so that Zero could find his mom and live a happy life.

I hope this reminded you of your childhood. It did for me. Let’s talk when we have the time ok?

Yours sincerely,

No No

Dear Honey Hnin San,

Hello! How do you do? I hope you're having a great week! What have you been doing during these days? I've been reading a book every week.

I'd like to recommend you an unputdownable adventure novel that I read this week and it's called 'Holes', which was written by Louis Sachar. It's also a book that one of my classmates recommended me to read a few months ago. So, I decided to give it a go. The protagonist of the novel is Stanley Yelnats IV, who is unjustly sent to a juvenile detention camp for stealing a pair of sneakers. There, he meets with other boys who are also sent to Camp Green Lake (juvenile detention camp). The boys are given strange nicknames and Stanley's called 'Caveman'. Not all of the boys are friendly, and instead, most of them are unkind. Stanley meets Zero, who can't read, but is very sharp-witted. Stanley teaches Zero to read and soon they become loyal friends. They start to share some adventures together. One of the main themes would be friendship. The special bond between Stanley and Zero leads to some untangling of some problems or relationships that their ancestors once had. I'm afraid it's turning into a summary, so I better stop talking about more events now.

Trust me, it's not a childish novel and it's more than just adventures. It's really thrilling to pick up hints bit by bit as we read, and reading the continuously switching events from the past and back to the present is fascinating. Plus, it's also an easy read. I recommend you to read it, too. I hope you take pleasure in reading it. Goodbye and take care!

Wishing you the best,

Phoo Pwint Kyi

Dear su nanda,

hi su nanda. We havent ta Since you told me to recommend you a book in the last email you sent to me, I will be recommending you a book. since I'm into comic a lot I have been reading dogman a tale of two kitties. This is my 5th book reading dogman and it is funny and good to read. You might think im childish because I read comics but no. I just cant read the whole maybe 500 pages with no pictures. I need pictures so I can imagine the scene. The book is about petey creating a cat version of himself but It turned out to be a child of his. Since then he didn't care about the newborn cat so the cat was lost and dogman found the child of petey. Then they fought the evil guys together and petey was so glad to find his child. I think the moral of the story was to appreciate everyone and appreciate it before its gone. I don't think you will understand if I explain you more so you should buy the book. You can buy it at any comic bookstore. If you want more book recommendations, feel free to email me. Hoping to hear back from you soon

Sincerely,

Tenth Book Review

Dear Hein Htoo Zaw,

Although I don't know you, but I am writing this letter to let you recognize me. Now, I am writing this letter to recommend you a famous book which we have discussed in class.

The book I want to introduce to you is Beowulf, a heroic poem, and it is the highest achievement of English literature. Although the story is not real, and we cannot find any evidence, but the story is popular till now. The story started while the king Hrothgar called Beowulf to come to his mead hall and help him to kill Grendel because that monster came to his place every night. That night, like the past, scary monster Grendel came. Beowulf wasn't even afraid or worried and after fighting for a long time, Grendel died. I will tell you up to here only because if I tell all, the story won't be much interesting for you, and I have some works to do so please forgive me.

Wish you be healthy and happy. And I will be waiting for your letter!!!

Yours sincerely,
Kyaw Zin Thant

Dear Min Khant Lwin,

I'm writing to you to talk about probably everyone's overall favorite book, Holes. Yes, the book we had to read in the second half of Primary-4. It reflects on the racism in the past times and the wrongfully accused, with such recent events such as the execution of Brandon Bernard that just happened as of this morning.

Holes follows a teenager, Stanley Yelnats, more specifically Stanly Yelnats III. His family always likes how their surname spelled backwards was Stanley. He was sentenced for a crime he didn't commit; he chose to go to Camp Green Lake, a juvenile detention center, he thought it would be a stunning camp with a large blue lake, but on his way, the suspicions grew. He later finds out that the juveniles there has to dig holes because the Warden's finding for something. In other words, it's a punishment. One hundred and ten years ago, Camp Green Lake was the camp Stanley had imagined to see. The times past and Stanley was done waking up, digging holes and sleeping, he ran away and found a suitcase with his name on it. The warden tries to take it away from him as it is the thing she has been finding this whole time, before that could happen, Stanley's lawyer came stating that he was innocent.

Anyways, I hope this recalled your memories from Primary 4, and I heard Big Bad Wolf is coming back with an online shop, hope you buy more books from there.

Sincerely,

Min Pyae

Dear Nyi Khant Zaw,

Hiiii!!How are you doing??? I have been reading a novel called To Kill a Mocking Bird and I would like to recommend you it. Its written by Harper Lee in 1960. It is narrated by Scout Finch, a six-year-old tomboy who lives with her lawyer father Atticus and her ten-year-old brother Jem. I love that book and I have been reading it for a while now. I hope you like that book and will be looking forward to your reply. I got to go now byeeeeeee!!!!

Dear New Ni Aung,

Hi, New Ni. How is everything going? How are you? For me, everything is doing great! In this letter, I am going to recommend you a book that we have discussed in class at the start of the second semester. That book is "The Giver". It was written by Lois Lowry in 1993.

To summarize the story, the main character of the book is Jonas, known as the successor of The Giver or a Receiver. Jonas was born special with pale blue eyes and the 5 extraordinary abilities, which the reason why he was chosen as a Receiver. He found it very strange that people treat him different, like a king because The Receivers are the wisest persons in the whole community. As a successor of The Giver, his duty is to receive The Memories and cooperate with The Elders when he is required. If another successor of him is chosen and he is no longer useful, he will be Released like his giver according to the same old policies, rules and system. But in this novel, he broke all the rules and made the whole community realize that the community is totally a dystopian one and what a utopian one is.

The moral of this book is "Choice is not destructive". A life without any choices, feelings, emotions or senses and a society with "Sameness" would be more destructive as it leads to a dystopian community. Ok, I think I have to stop my letter here because you might get spoiled if I continue writing. Or, did I just spoil you? I hope everything is doing well and I am hoping to receive a letter from you to discuss some questions about the parts I don't understand. Bye

Your Sincerely,
PMK

Dear Phyothura Kyaw,

Hello. How are your online classes going? I believe everything fine. I would like to recommend the book called "Night". It was written by Elie Wiesel about his experience with his father in Nazi German concentration camps at Auschwitz and Buchenwald in 1944-1945.

The protagonist of this book is Eliezer. Eliezer is more than just a traditional protagonist. He expresses the story in a highly subjective, first-person and autobiographical voice. Which we get an intimate, personal account of the Holocaust through direct descriptive language. This book can be considered as non-fiction due to expressing the reality, which was happened in WW2.

I recommend this book because this book tells us the experience and feelings during WW2. We can consider this book as a documentary due to realities, which are effectively described in this book. I highly recommend you to read this book if you are interested about WW2 and it is quite captivating.

Sincerely,

San Myint Tun

●

This book is amazing! And I absolutely loved it! It tells a true story that makes you go through a hurricane of emotions. It really helps you better understand what people went through at the Concentration Camps.

I definitely recommend this book for anybody who is looking for something to write a book report on or just for fun.

Dear Ka Atay Nann San,

I have read a book that is really interesting and I would like to share it with you. The book name is called “To Kill a Mockingbird”. It is a novel written by Harper Lee and was published in 1960. And it becomes instantly successful and won lots of winning prizes. The story told by six-year-old Jean Louise Finch takes place in the fictional "tired old town of Maycomb, Alabama, the seat of Maycomb County, during the three years (1933-35) of the Great Depression. Jean Louise Finch, nicknamed Scout, lives with a middle-aged lawyer, her older brother Jeremy, nicknamed Jem, and their widowed aunt, Atticus. A boy named Dill, who visits Maycomb to stay with his aunt each summer, befriends Jem and Scout. The three children are frightened but intrigued by the reclusive Arthur "Boo" Radley, their neighbor

. Maycomb's adults are unwilling to talk about Boo, and for several years, few of them have seen him. With gossip about his appearance and motives for staying secret, the children feed each other's imagination they fantasize about how to get him out of his home. Scout and Jem learn that someone is leaving them small presents in a tree outside Radley Place after two summers of friendship with Dill. The enigmatic Boo makes expressions of love towards the children several times, however to their disappointment, he never appears in person. Atticus is assigned by Judge Taylor to defend Tom Robinson, a black man accused of raping a young white woman, Mayella Ewell. Although many of the people of Maycomb disapprove, Atticus decides to protect Tom to the best of his ability. Other kids ridicule Jem and Scout because of the actions of Atticus, calling him a "nigger-lover" Scout is tempted, even though he ordered her not to stand up for her father's honor by fighting. Atticus meets a group of men one night, bent on lynching Tom. In an unforeseen way, this crisis is averted: Scout, Jem, and Dill turn up, and Scout unwittingly breaks the mob mentality by noticing and talking to the father of a classmate and dispersing the would-be lynchers.

Atticus does not want the participation of Jem and Scout at the trial of Tom Robinson. The seat on the main floor is not open, but Rev. Sykes invites Jem, Scout, and Dill to watch from the colored balcony. Atticus establishes that they are lying to Mayella and Bob Ewell. It is seen that Mayella made sexual advances towards Tom, resulting in her being beaten by her father afterwards. The townspeople refer to the Ewells as "white trash" who are not to be trusted, but Tom is individually convicted by the jury. The trust of Jem in justice is badly shaken. Atticus is hopeful he can reverse the decision, but while attempting to escape from prison, Tom is shot and killed. "Bob Ewell is embarrassed by the events of the trial despite Tom's conviction, Atticus explaining that he "destroyed [Ewell's] last shred of integrity at that trial." Ewell vows vengeance, spitting in the face of Atticus, attempting to break into the house of the judge and threatening the widow of Tom Robinson. Finally, as they are walking home on a night after the school Halloween pageant, he attacks Jem and Scout.

In the battle, Jem suffers from a broken arm, but in the middle of the chaos, someone comes to the rescue of the children. Jem is carried home by that mysterious man, where Scout discovers that he is Boo Radley. Sheriff Tate comes and finds Ewell dead from the wound of a knife. Atticus thinks Jem was accountable, but Tate is sure it was Boo. The sheriff determines that to preserve the privacy of Boo, he will announce that during the assault, Ewell fell on his knife. Boo asks Scout to get him to walk alone. He disappears after she says goodbye to him at his front door, never to be seen by Scout again. Scout imagines life from the viewpoint of Boo while standing on the Radley porch.

I really enjoy the book and it was very exciting and wonderful. I would highly recommend it to you and hope you like this.

Sincerely,

Your fellow Sec 2 student

My name is Heion htoo Zaw ad I would like to introduce to you with a one book. The book name is Hole Book. That is one of the famous book and my favourite book. You can read any time and these situation in lockdown you can read relaxly or at night. I am sure that u will like it and you will also thank me for that idea. Hope you have a nice day and good lucks for your future.

Holes

A boy is wrongfully sent to a brutal camp, where the camp warden and her staff force the children in their care to mysteriously dig holes all day long in the desert. Their rehabilitation is questioned, as they think something sinister is involved.

The book is about a boy named Stanley Yelnats IV, who is supposedly a very unlucky person because of a family curse. He was sent to Camp Green Lake, after being falsely accused of stealing a pair of sneakers that belonged to a famous baseball player, Clyde Livingstone, from a charity auction to benefit the homeless.

At camp Green Lake, Stanley was assigned a bed and given two pairs of clothes and a shovel. Stanley and the other boys who stayed there had to dig one hole each day which was supposed to “build character”. He later found out that the Warden was making them dig holes in order to find a treasure.

One day Stanley agreed to teach his new friend Zero how to read and write and in exchange Zero would dig Stanley’s hole for one hour every day. The other boys got jealous of watching Stanley do nothing, and a fight broke out between the other boys and Stanley. Zero got angry and then ran away into the desert. Stanley decided to go after him the next day. After running deep into the desert, he finally found Zero. They decided to climb to the mountaintop called “Gods thumb” in hopes of finding refuge. Stanley found a field of onions and water. For many days they survived on the onions and water. They planned to find the treasure that was hidden at the camp and so decided to make their way back. They returned to the camp to dig out the treasure. What they did not know was that they dig in a yellow-spotted-lizard-nest, and before trying to leave they were surrounded by the lizards.

Dear Min Min Oo,

Are you are bored at home because of lockdown and you don't have anything to do? If you are don't worry because I can recommend you a wonderful movie called "Holes". There is also a book version of the movie but I guess movies are always better than books. It is a comedy movie from 2003 with a unlucky teenager named Stanley Yelnats. He was falsely accused for theft and was sent to a desert in Texas. There were other boys as well and each day they have to dig a hole down a specific height. It was a mixture of comedy and adventure. They had to do something to earn something. It is a movie you might need to kill time and boredom. I don't want to spoil any more details so that you can watch it fun-ly if that's a word. Hope this helps my g. Imma head out.

Dear Mohammed Dawood,

Hey! How are things going? I'd like to recommend you a book to read in case you're bored. It's called "To Kill a Mockingbird".

I am sure you've heard of it before! It was narrated by Scout Finch, who has a brother and a widowed father, Atticus who was apparently a lawyer. In this story, you can see that a human being's moral values are very important. It also describes how hard it is for coloured people to live in a white community and that people who stand up for them might get looked down upon. Also, it shows that the law was never on the side of the coloured people. This problem is still occurring these days. Overall, this book can tell you more about the morals of the human beings and the inequality between human beings. So please make sure you read it!

Best wishes,

Moe Oo...

Dear Naing Min Khank,

My name is Nyan Linn Oo. Hello, today I would like to talk about the book I read a few days ago. It is quite a funny story. It is about a principle who was really mean and two smart kids who can joke and also save the day.

The story is mainly about when the principle turned into a captain underpants. He was really strong, fast and could do anything. The principle of this school really dislikes the 2 kids. He wanted to punish them. But one day arrived and they got detention and the story of Captain Underpants started when the 2 kids George and Harold hypnotized the principle into Captain Underpants.

I don't really want to spoil this for you. I think you can read this in libraries and I recommend you to read the coming series of it too. Thank you so much. Please reply back of you finish reading it.

Yours truly,
Nyan Linn Oo

Dear Friend,

I have recently finished reading *Holes* and I would like to tell you about it. The book is about a boy named Stanley Yelnats IV, who is supposedly a very unlucky person because of a family curse. He was sent to Camp Green Lake, after being falsely accused of stealing a pair of sneakers that belonged to a famous baseball player, Clyde Livingstone, from a charity auction to benefit the homeless.

At camp Green Lake, Stanley was assigned a bed and given two pairs of clothes and a shovel. Stanley and the other boys who stayed there had to dig one hole each day which was supposed to “build character”. He later found out that the Warden was making them dig holes in order to find a treasure.

One day Stanley agreed to teach his new friend Zero how to read and write and in exchange Zero would dig Stanley’s hole for one hour every day. The other boys got jealous of watching Stanley do nothing, and a fight broke out between the other boys and Stanley. Zero got angry and then ran away into the desert. Stanley decided to go after him the next day. After running deep into the desert, he finally found Zero. They decided to climb to the mountaintop called “Gods thumb” in hopes of finding refuge. Stanley found a field of onions and water. For many days they survived on the onions and water. There is more to come but it is up to you read it.

The book is a mix of fantasy and realistic fiction. This is because a lot of the events in the book could also happen in reality, and for many people some of the situations in the book could be for real. The book is also fantasy because his family is cursed with bad luck. The story is told by the narrator in third person point of view.

I liked the book because it was exciting. In the beginning of the book it was kind of boring, but at the same time I wanted to continue reading. This was because they only dug holes and that was kind of boring, but I wanted to know why they dug all those holes and that’s what made it exciting.

Yours Truly,
Nyi Khant Zaw

Dear Thet Htet Aung,

How are you? I hope my letter will find you in your best spirits and heath. I have a book suggestion called “To Kill a Mocking Bird” which you might enjoy.

It is a novel about growing up under extraordinary circumstances in the 1930s in the southern US. It was written by Harper Lee and he uses memorable characters to explore civil rights and racism. Told through the eyes of Scout Finch, and her father Atticus Finch, an attorney who hopelessly endeavor to prove the innocence of a black man inequitably accused of ravishment; and about Boo Radley, a mysterious neighbor who saved Scout and her brother Jem from being killed.

This book teaches us what Atticus told his children that before judging anyone, look at the world from the perspective of the man. That is to see the man wearing a shoe, your outlook will change. The alternative title of the novel is Fight For Racism. I’m rooting for you to read it!

Best Regards,
Pyoe

Dear, Eaint Yati Hein

I would like to recommend a book call “To Kill A Mockingbird” which is a classic novel and should be read by all, as it is truthfully touching and inspiring. The book explores the topics of racism with its setting in the Deep South in America, during the 1930s. Despite dealing with serious and dark topics, Lee can inject witty humor and touching moments with real warmth. Lee also gave us one of the most iconic heroes in literature, Atticus Finch. Told through the eyes of a child, it is in many ways a coming-of-age novel, dealing with the loss of the innocence, our narrator, Scout (Louise Finch) takes us through the events from her point of view. She and her older brother Jeremy and their father Atticus are the main characters. Atticus the lawyer and is calling on the defend Tom Robinson, a black man who has been accused of raping a white woman. Despite the backlash from the other citizens of the town, Atticus agrees. The descriptions throughout the novel can be hard-hitting and strenuous to read in the treatment towards Tom, Atticus and even his children. The trial of Tom is tense and this part is arduous to pull yourself away from. The novel crosses and discusses many themes and issues. Lee questions good and evil, morality, class, racism and gender roles. The reader will come away with a lot think about and may, like Jeremy, loses his faith in humanity, or be like Scout and retain it despite what transpires. The language and narration are beautiful and seamless, the book has many quotable lines which we can take away from it. One of the most famous being from Atticus, “You will never understand a person until you consider things from his point of view until you climb into the skin and walk around in it.” The crux of the book is going with your gut and doing what’s right, and this message can be understood and inspiring in any period or place.

Dear Aung Kaung Zin,

Today I'd like to recommend you this book called "To kill a mockingbird. It's about how society often targets vulnerable people and how the world can be unfair.

The book takes place during the great depression in a small suburban town. The story revolves around Scout and her brother spying on their neighbor who all the kids think is scary. During all this, their father Atticus is defending a black man accused of sexually abusing a white woman, and due to the town's racism Scout and her brother are badly bullied for this. The book ends with the prosecutor for the case trying to kill Scout while Boo, the neighbor who turned out to actually be really nice, saved them. However in the end even though they know Boo saved them, the death is written off as an accident.

This story has multiple themes with the main one I want to focus on being racism. Especially in light of recent events that had occurred. In the book, everyone including Atticus knows that no matter what they do the black man will be arrested due to the circumstances of everyone in the town being racist. Scout and her brother are also heavily bullied at school due to Atticus defending him, but Atticus tells them that fighting back isn't the right answer.

In short, I really love this book and think that most of its messages still have a lot of importance today and you should definitely read it.

Sincerely,
Arnt Ko Ko

Dear Isaac Thang Hau Tuang,

Hey. How are you? I am doing great. Today, I am going to be recommending you a novel called To Kill a Mockingbird. It's a good novel which gave me some lessons, so I hope it gives you, too. This novel is one of my favorites so far, and so I am pretty sure you will like it immediately after reading some sentences.

To Kill a Mockingbird is a novel by Harper and set in the fictional town of Maycomb, Alabama, during the Great Depression (1929–39). It is about both a young girl's coming-of-age story and a darker drama about the roots and consequences of racism and prejudice, probing how good and evil can coexist within a single community or individual. Like I said previously, this is a good novel because it was praised for its sensitive treatment of a child's awakening to racism and prejudice in the American South.

I would like to finish off my letter now and hope you write me back. Make sure to check this novel out and you will see how good it is for yourself. Have a great day.

With kind regards,

Chan

Dear Kyi Phyu,

Hello, how are you doing, Kyi Phyu? Are you doing well in school? I thought I might want to write to you today, to recommend you an iconic book which you probably should check out.

The novel is called Holes. It's a young adult novel written by Louis Sachar in the 90s. I'd honestly say the novel is a bit odd. It's very weird, and yet at the same time, it's very interesting. Holes is definitely for you if you're looking for something that's sort of different from what you usually read.

Generally, the author tells us the life of Stanley Yelnats, of course, the protagonist. With many unordinary characters, dark humor and creative plotting, the author puts together a whole complex story. Although there are many multilayered puzzles, the bitterness of the scenario has been eased because of how the author humorously plotted the story. In the end, the author even left several gaps purposely for us to fill in. Louis Sachar certainly has a strange creativity, which he puts it to the most persuasive use yet in this vibrant, out-standing novel.

I've probably told you more about the author than the book, but I still believe that you'd want to read Holes. You'll also learn some stuff from it. I hope you have a great week.

Happy December,
Hnin Ei

Dear Kim Sara,

How are you? Hopefully you are fine and safe as we all should be in this pandemic. I would like to recommend to you a trilogy called Lord of the Rings by JRR Tolkien.

The Lord of the Rings shows good and evil forces in pursuit of a powerful, magical ring that influences people with dark thoughts. In some areas it is banned as some people think it's satanic, but I think it should not be banned. The book is an adventure-like story in Middle Earth, the world at some distant time in the past. If you do not have time to read the trilogy, at least watch the movies, although they are not accurate and at some points different from the book.

Dear May Hnin,

How are u doing these days? For me I am doing great! These days I have been reading this book called "To kill a mocking bird". To Kill a Mockingbird is a novel by Harper Lee. it was written in 1960 it is set in the mid 1930s in the small town of Maycomb, Alabama. It is narrated by Scout Finch, a six year old tomboy who lives with her lawyer father Atticus and her ten year old brother Jem. During the novel Scout, Jem and their friend Dill try to make their reclusive neighbour Boo Radley leave his house. Boo has not been seen in Maycomb since he was a teenager. Many residents of Maycomb are racists and during the novel Atticus is asked to defend Tom Robinson, a black man wrongly accused of raping a white woman. Atticus takes on the case even though everyone knows he has little hope of winning. The reader sees the trial develop through the childlike eyes of Scout, as gradually both she and her brother learn some valuable life lessons from their father about tolerance, empathy and understanding. I really hope u would read this as it is very important an also what is happening to the world. Talk to me later!

Dear Li Kyar Hwai,

I've had recently listened to this book called "The Butterfly Garden". It falls into the genre of psychological, thriller and crime type and it has psychologically messed up my mind. I never thought the book would be that messed up, but I finished it anyway. A serial killer who likes to kidnap women and tattoo huge and exotic looking butterflies at the back of their bodies. The girls would have different types of butterflies for each of them. They were kept in a huge glass house and has a dress code. In this beautiful garden, what he calls "the butterflies" are doing what they would like to, not knowing why they're here or what they're here for. This man/gardener who has a twisted and psychopathic mindset is obsessed with capturing these young girls, drug them, tattoo the butterfly and does the most inhumane thing that I could possibly know to the girls. And yes. He rapes them. He would be gruesome with them at times and be gentle with them when he wants to. Anyways, I'm not gonna go in depth with this book since I would like you to read this book for yourself.

Best regards,
Hana

Heyy paing,

I wanna talk about my opinions on a book called Emma In The Night which I last read. The novel is centered around Cass and Emma who mysteriously vanish one night when Cass is 15 and Emma is 17. Three years later, Cass returns home and insists everyone must go look for Emma. The novel is told in alternating chapters between Cass in first person point of view and Dr. Abby Winter in the third person. Walker, author of the best seller All is Not Forgotten, does a magnificent job leaving the reader wondering what the truth is and what is a lie. In this story, Cass seems a bit unstable and unreliable. Her mother is a narcissistic maniac. Her father is an emotional mess. Her stepfather is a self-obsessed egocentric. It is up to Dr. Abby Winter and her partner, Leo, to weed through Cass's story and find the truth which will finally lead them to Emma. During all these going on, make sure not to miss out the part when Cass returns – without her sister and talks of kidnapping and isolation, and a mysterious island where the two were held. I recommend you read it yourself since its very enjoyable. It would be a perfect match for you if you love mysteries and thrillers. Some parts of the book were a little that I was not sure where it was going until the very end. But it would be a perfect match for you if you love mysteries and thrillers. Give it a read today! Then lemme know your thoughts on it.

Today I'm going to recommend a book called "The Books Love You" by PewDiePie the famous YouTuber. It is a collection of beautifully illustrated inspirational sayings by which you should live your life. This book make u more have confident. If you really don't like reading a lot, I think this book is the best for you because It is a picture book for those of you who don't know, and there are no long paragraphs like other books. So, it might not boring and it is fun. This Book Loves You has something for everyone or at least everyone willing to give up and stop caring. If all else fails, remember: "Don't be yourself. Be a pizza. Everyone loves pizza." The quotes are funny, but there are also some quotes that are quite inspirational (for me). The picture designs are good.

Dear Phone Myat Kaung,

I recommend you a book called "Holes". It is a really good book and it is about a boy that need to dig holes in camp green lake where they have juveniles. Stanley Yelnats, that boy's name, was sent there for being accused of stealing. It is a Young adult fiction and I really like it. The first time I read the book was when my third-grade teacher read it to us. After my teacher read it to us, I went ahead to read it myself again in 6th grade. The book has very good imagery and is a 1998 young adult novel written by louis Sachar. I wish you will like it and of you've already read it do you think it is a good book?

Ya hoo~ It's a me, Todd, and I'm back for the usual-
..Hm? A new person? Sigh, Cher, ya ought to stop switching things up, it's getting annoying...

Anyway, new person, you are....PFFF
Excuse me, sorry to be rude, but that's just 'purity' spelt horribly wrong. Anyway, I'll just call you P, cause why the he haw hoe not~ Anyway P, I'll be doing a song review now~

...What I meant by song? Books are overrated, hard to do, so instead, let's review something exciting, like a story not told through text but by sound, k?

Soo, the story I want to review today is called Red Purge, a song which is essentially just the events of the Red Purge describes through a song. The Red Purge was essentially a sudden movement in Japan after the events of WW2, where businessmen and politicians were 'purged' from their positions for being under communist influence.

Now, allow me to comment on specific parts of the lyrics, which stood out to me, and let me comment on them

"Shoot the red possessed by illusion!"

This is a direct nod towards the events of the Red Purge, really simple really. Illusion here refers to the influence which had tainted the high class of the population, and to shoot the red means to commit a treachery against it.

"Their future is bleak, but their mind is bright. You can see how much they are educated."

This refers to the lower class doing the movement, how they were educated enough to plot back against the high class, and how their futures were uncertain and unknown at that time.

"*It's like this;)*
"Something is beautiful, and I discovered bravado bourgeois monopolies them, yeah..."
"God is dead now, classes is all over, out of date
So fire the House with their overweight"

These are by far the hardest to unpack from the bunch, but allow me to try.

The first part is a confusing, complicated line which I cannot seem to be able to figure out, but it's obviously saying that the narrator sees something as beautiful, that they discovered them, and something about monopolization. The second line is a very clear line of revolution, and gives us an insight of the public's opinion on the higher class, saying that the god they worship is dead, that their out of date and their prime is over, and that their houses and homes shall be burnt down, with their stereotypically overweight selfs.

"They say the president dresses in drag as a hobby"

This line shows that the narrator have completely lost respect of the higher class, that they are willing to inslt them and put them in a position of disgrace by gossip.

"Getting educated and graduating from university, You will end up alone, among the concrete."

These are the saddest lyrics, as it shows one of the reasons why the public started to rebel. Getting into college is already hard, but being forced into the streets and alone after the hardships in your life, instead of a fulfilling future, was one of the reasons why the public wasn't able to control themselves any longer.

"Summer had come!"

This is a slight glimpse of hope for the narrator, who reassures themselves that when the movement is over, happiness and fulfillment will wait for them in the summer.

"Truly, this world needs to be demolished,
My fellow, fellow, fellow comrades.
Shoot the red possessed by illusion!
You have no place anymore, neither out there nor inside"

The last lyrics I'm going to comment on. The narrator finally commits, and the finale of the movement is in full swing. They claims that the old order, the old world, will be demolished to their comrades, and motivates them to shoot the red one final time, to finally rid of the ones tainted by illusion, the influence of the communist to the high class. At last, the narrator speaks to the fallen, saying that they have lost their places, and that it's all over for them. After that, only vocalization was left, and the songs ends, in a reformed Japan after the movement.

I think that this song is a very serious insight on the tragedy known as the Red Purge. We should take an example from this to never see such dramatic history no more. For now, it's now in the past, and let's keep it like that.

...hey, P? If you are reading this, I hope I was able to entertain you~ But now, we have to part, so I guess I'll see you around! For now, remember, when you are scared or uncertain...

...Shoot the red possessed b

Hi Bhone Myat Pine Soe,

How are you? I chose a book called “Animal Farm” for this assignment and what about you? It is a novel about a group of animals who take control of the farm they live on. This book is set in a future when animals are much cleverer than now. Because of their cleverness, the pigs started a revolution against humans. Pigs, horses, who live there could speak fluently in English unlike the other animals, and that gave them the power to be leaders. There lives Mr. Jones the owner of the farm. It symbolizes Russia and the Soviet Union under Communist Party rule. But more generally it stands for any human society, capitalist, socialist, fascist or communist. There are many characters introduced in the book. The old major inspires the animals to rebel against Mr Jones. Due to Old Major's rhetoric about the animals being better at running the farm than the humans, the animals revolted. Snowball was an eloquent speaker but did not get along with Napoleon. Their first leader, Old Major, was kind and fair, who knew animals should be equal but when Napoleon became the leader it was very unpleasant. He made a rule that allowed the pigs to have better food and that forced all of the other animals to work crazily hard. The main themes in Animal Farm leadership and corruption. It portrays the history of Russian Revolution by retelling the development of communism. It is the inevitable move from cooperative socialism to military dictatorship. There were 7 commandments in the animal farm created by Napoleon, Squealer and Snowball. “Four legs good, two legs bad” was one of them. It signified that the ones who got four legs are friends but two legs enemy. But later a new version of it was “Four legs good, two legs better!”. Napoleon's brother Snowball, was admired because he came up with an idea to build a windmill so it can create electricity for machines that can perform the work the animals must do. But Napoleon disliked the idea of that. So, he decided to kill his brother, so that he would be the only leader. He wanted more power and all the animals should obey him which leads to corruption. Boxer is a very strong but ignorant horse who is very loyal and dedicated to its master, Napoleon. They worked hard to build the windmill but Napoleon destroyed all. He made the animals work hardware making them very weak and even die! My favorite character is Boxer the horse, who would work the hardest of the animals but never give up no matter how much it hurt. Recommending it to read at your leisure time and hope you have a great day.

Best regards,
Min Ji

Dear Kaung Htet San,

Hi! How are you doing these days? I feel hard as this pandemic is getting longer. To get rid of my boredom, I read a book named "To kill a mocking bird"

This book is about racism and giving difference in white and black people. The main character is Scout Finch. Her father stands for the black people, and about how Scout sees the situation with an innocent eye. This came to me as pure and true novel describing about the phenomenon. However, I don't want you to get too emotional about the story's plot, about the whites blaming and making the blacks as a scapegoat. This is a book written long ago, when it was real and the problem was not solved. Now, this problem is quite solved well, and there are some people who say there are some people with differentiation, but I don't think it is true.

To kill a mocking bird is still a good book and quite explains well about the situation of those times.

Dear Hnin Ei Ei Hlaing,

I have been reading a book named the Animal Farm that I found interesting and I would like to share this with you. The book is set in a farmyard where the animals that are smart decided to seize the farmer's land. Because of their cleverness, pigs started a revolution against human beings. Pigs can speak fluent English with other animals. This empower them to be leaders.

The first leader, Old Major was kind and fair and knew animals are supposed to be equal. But when Napoleon became the leader everything changed. He was greedy and wants powers. He allowed the pigs to have better food and forced all of the other animals to work hard every day and night.

He want to be the only leader so he wanted Snowball to die. Snowball was admired because he came up with a clever idea to build windmill and popular because of his role in the revolution. He and Boxer, the horse were the bravest. Napoleon destroyed the windmills that the animals built and blamed Snowball who escaped the farm. Then Napoleon made the animals work harder making the animals very weak and die. If there is an animal cleverer than Napoleon, he would just order an execution to get rid of them.

My favourite character is Boxer who would work the hardest of the animals but never give up no matter how much it hurt or how old he gets. He never complained to Napoleon.

Sincerely,

Kyi Phyu

Dear Mya Kyae Hmoe,

I would like to recommend you about a book named Beowulf which was written thousand years ago and is actually a short book if you change it back to these days English.

The main villain of the Beowulf is called Grendel. The main reason that Grendel caused trouble is due to all the song that the people make. He tried to solve the problem by murdering all the people who are partying. The people are actually kept on making more night so Grendel kept on coming every time and kill. But soon, the king starts to notice the problem and called Beowulf. He tried to solve the problem and kill Grendel.

I would like to recommend this book because this book show you to not be a coward and do your best while you can.

Sincerely,

May Htake Htar Khin

Dear Myat Hmuae Nwe,

It is a very interesting movie. It shows that the worker in the camp was greedy and wanted to get the money that didn't belong to him. Then, this teenager came to jail because he "stole a shoe" and came and got the treasure that belonged to him and his family. It never rained in the camp before and for the first time it rained and everyone was happy and excited. This all happened because the guy took a boy named Zero to a mountain and got him water and because of doing that the curse broke which was given by his great grandmother to the guys great grandfather which broke because the guy took Zero to the mountain and gave him water which was his grandmother's curse. The story and the movie are very interesting and I recommend you guys to read it. I love it and also the book this is a boy who learns his lesson and finds a friend and he learns to be a good one too! His friend runs away into the desert where there is only a lake 100 miles away from camp (prison). The consular give up waiting and thinks that he would be dead. He goes and looks to find clues to the big thumb. Ok that's it I'm not spoiling anymore all I'm saying is that this is a great movie and highly recommend watching this.

Paing.

Dear Thapyay Aye,

It's been a while since we talked so I wrote a letter to you because I wanted to know how u have been these days. For me, I'm not doing that well especially on the diet part. But I have got to read so many books in the past 10 months due to my English teacher's assignments and I wanted to share a book that I read. The title of this book is called "Holes" and it also has a movie version of it. This book is about a guy name Stanley, who has a horrible luck due to the fact that his great great grandfather got cursed by a gypsy. In the start of the story, due to Stanley's bad luck, he was wrongfully arrested and sent to a detention camp called "Camp Green Lake" where they would have to dig big holes as punishment and later it was revealed that the real reason behind this punishment was that the warden of the camp was trying to search for something buried underground. Ultimately, this "thing" that the warden was searching for was in fact, treasure buried by Stanley's great grandfather. I will leave the plot for you to find it out by yourself since you are not a big fan of spoilers. Overall, this book was great, the plot and everything was different from other books or movies but I didn't like the whole desert theme for my preference but it was fun to read this book.
